*Legal Services Redefined*

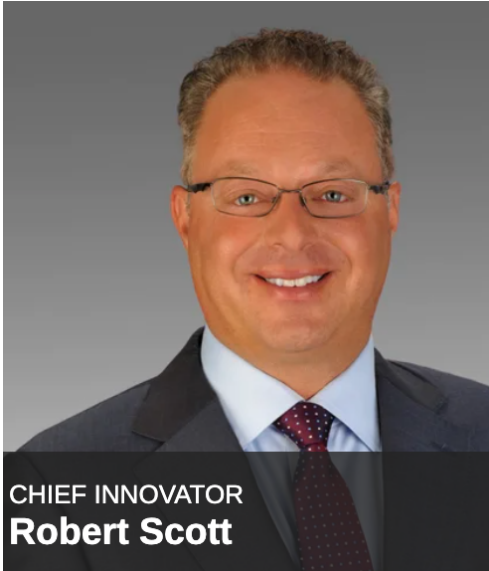

# MEDIA KIT 2024

Monjur is a first mover in providing Contracts-as-a-Service solutions, specifically designed for IT managed service providers. Their SAAS- enabled legal solution is based on industry-leading templates, customized for each client, and periodically updated to ensure that MSP's always have the latest protections and are legally compliant. With the rapidly evolving legal landscape concerning privacy laws and regulations, monjur assists IT businesses in adapting to these laws through their integrated approach regarding contract management and legal compliance.

Our theory is that the best lawyers equipped with the best tools will deliver the best customer experience and value.
